# PHYSIQUE AMERICA

appoints

**Joe Spinello** and **Debbie Karpenko**

to the

## **Executive Committee**

Physique America is happy to announce the addition of two new members to their Executive Committee, Joe Spinello and Debbie Karpenko. Both are former executives of the CBBF and will work together under the Physique America banner. Their work will be to enhance the sport of Bodybuilding and Fitness in the US and Canada bringing it to a higher level with ethics, transparency and integrity. Joe and Debbie have a vast experience in the promotion and administration of the sport of Bodybuilding and Fitness.

Former Bodybuilding Champion, Joe Spinello, has been appointed and will serve as the Physique America Canadian Executive Director. Joe is a former Canadian National Champion, IFBB World Champion, an IFBB Pro, and one of the top Promoters in Canada. Debbie Karpenko is an International and Elite Pro Judge and has served as the Chief Judge of the CBBF since 1990, has judged numerous national and international events and is the former President of the CBBF. Debbie has been appointed and will serve as Physique America Canadian General Secretary.

This is the first step in a joint effort between Canada and the US to make stronger competitions in North America. By working together, this will augment the opportunities and experience for all athletes in the US and Canada. What this means for Promoters is that Physique America athletes from the US can compete in Physique America Canadian competitions and Physique America Canadian athletes will be able to compete in Physique America shows in the US.

In the coming weeks, we will announce additional steps in the growth of competitions, promoters, officials and events for 2022 and beyond in the Physique America Universe.
